

COMPELLING ENDINGS

While Reading,
Ask Yourself:

How does the ending echo
the beginning?

What choices do the main
characters make that lead
to the ending?

What is resolved and what is
unresolved? Does it still feel
satisfying? Why?

How does the ending tie up
the action as well as the
character arcs?

How does the ending reflect
the themes of the book?
How does it reflect what is
unique about the book?
